

OCTOBER NEW RELEASES

G-FORCE

Two time Oscar-winning visual effects artist Hoyt Yeatman makes his feature directorial debut with this Jerry Bruckheimer-produced family film following a group of highly trained guinea pigs on their mission to prevent an evil billionaire from taking over the world.

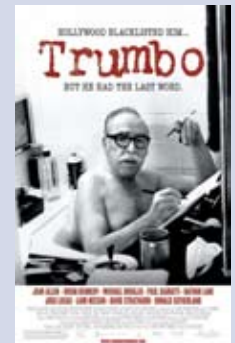

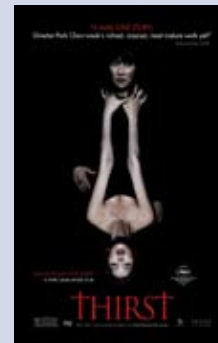

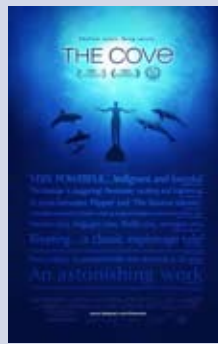

FUNNY PEOPLE

Judd Apatow casts his former real-life roommate Adam Sandler as George Simmons, a comic superstar who learns in the movie's opening scene that he suffers from a rare blood disorder that will likely kill him within a year. This news gives him the impulse to go back out and work on his standup, something he hasn't done in years thanks to the massive success of his movie career.
